30	Your programs for all age groups remain important to the community. A library is like going into a "room of possibilities" where information, staff and IT can join to answer questions. All of you do good jobs at stimulating this welcoming spirit. This is the key to your survival in a small community; keep your professional expertise in front of every other function an expansion would provide.	12/21/2016 9:06 AM
31	1. Space where in-process craft projects can be kept thereby allowing multi-session craft activities which are not possible now. 2. Space for displaying items such as completed craft projects and local artist exhibits. 3. Space and facilities for interactive video sessions with remote authors, poets, presenters. Clever design might permit all three of these to be accomplished in a single space.	12/21/2016 7:47 AM
32	Current offerings are meeting expectations.	12/21/2016 7:22 AM
33	It seems fine as is..will any changes to the library result in increased property taxes for locals or is it paid from existing funds?	12/21/2016 6:47 AM
34	I love the Newbury library - wonderful, helpful staff! Book collection: there are way too many "thrillers" taking up valuable shelf space. There are so many wonderful books being published - folks would read them if they were more readily available. Perhaps the library could institute a program to introduce folks to real literature. Would also like to see the non-fiction expanded. Architecture: improve the entry - crazy to come directly into the space from the outside - energy inefficient! And to have the check-out desk directly next to the door - what about the poor staff members who have to sit there during the winter months? That said, the building is very attractive - has a wonderful village, country flavor that adds charm to the middle of town and co-ordinates well the town hall.	12/20/2016 10:29 PM
35	We love it!	12/20/2016 8:02 PM
36	Poetry or literary events; author's readings; nh humanities council lectures; local history events; environmental speakers, etc.	12/20/2016 6:30 PM
37	Better variety of magazines not many cooking or home magazines	12/20/2016 6:21 PM
38	Bridge games. Lectures. Blood pressure clinics	12/20/2016 5:26 PM
39	I love the library just how it is. There is space for community events in the town office building, so adding onto the library doesn't make sense.	12/20/2016 5:14 PM
40	Meetings, authors, speakers would bring me in.	12/20/2016 4:43 PM
41	Wish there were space for something like communal quilting, with room to leave work in progress til next time. Same thing would help youth programming, I think (but my "youth" are all grown now).	12/20/2016 4:41 PM
42	3D printer	12/20/2016 4:39 PM
43	There are many Left Wing political readings but virtually zero Conservative political readings.	12/20/2016 3:53 PM

50	We have community spaces already underutilized that should be made available for additional library type services and activities. ..the large meeting room and the smaller room. Also the Vets. Hall has been fully renovated with full kitchen. ..we already pay to keep this areas heated. Let's use our current spaces.... don't need to expand and add exoenses...not mention tax monies for planning and then building. Thanks for listening.	12/20/2016 2:10 PM
